

“Let’s get him off to the best possible start”.

To make sure your child comes into school happily and in confidence we must work together.

You will:

- Make sure we know all about your child before they start school.
- Support them doing tasks on their own like going to the toilet and taking off their coats.
- Develop their use of words. Encourage him to speak and listen.
- Speak in positives – ‘You can do it.’
- Be good role models.
- Attend parent meetings.

We will:

- Make sure he feels safe
- Value his qualities and find out about his interests.
- Make the curriculum exciting and relevant.
- Involve Mum, Dad or both
- Make any consequences of behaviour immediate.
- Talk to parents regularly
- Involve parents in their child’s achievements
- Give opportunities for consultations.

Together we can:

- Make them independent learners
- Give them confidence
- Promote positive behaviour
- Create happy and engaged learners
- Ensure improving progress
- Encourage them to love learning.
- Produce responsible young people
- Make sure they have aspirations and a promising future
